ABOUT US

Anhalten Industries Pvt. Ltd. is a leading provider of engineering design services and custom-built fabrication solutions. We specialize in manufacturing high-quality static equipment for industries including Oil & Gas, Petrochemical, Fertilizer, Power Plants, and other Process & Petroleum sectors.

With a centralized and professionally managed structure, our experienced leadership team ensures precision, efficiency, and excellence in every project. We are committed to delivering top-tier products and services built on honesty, reliability, technical know-how, and consistent execution of commitments.

Our Vision

“To become a leading Engineering Design and Manufacturing Services provider globally by partnering with world-class technology leaders and leveraging the vast pool of technical expertise and cost advantages available on the global stage. With a presence in both India and Australia, we aim to establish a world-class Global Delivery Centre that offers high-quality engineering and manufacturing services at competitive prices worldwide.”

Mission

“To exceed our customers’ expectations in quality, delivery, and cost through continuous improvement and proactive customer engagement.”

Key Personnel

Anhalten Industries is driven by a team of highly experienced professionals who are actively involved in:

- Business Development
- Procurement
- Project Management
- Administration
- Quality Assurance & Quality Control (QA & QC)

Their hands-on approach and deep expertise ensure efficient decision-making and smooth project execution with a strong focus on quality compliance.

Product & Services:

We provide complete design, manufacturing, and engineering solutions across a variety of industrial sectors. Our capabilities serve clients in:

- Chemical Industry
- Dairy Equipment Industry
- Oil & Gas
- Power Plants
- Petroleum & Process Industries
- Defence & Aerospace
- Design & Manufacturing Capabilities:
- Pressure Vessels
- Storage Tanks
- Heat Exchangers
- Air-Cooled Heat Exchanger Packages
- Economizers
- Reactors
- Transformer Tanks
- Gasifiers
- Distillation Columns
- Deaerators
- Chemical Injection Skid Packages
- Earth Moving Equipment
- Injection Molding Machines
- Piping & Structural Works
- Shipbuilding Components
- Additional Services:
- Manpower Supply
- On-Site Fabrication & Erection Services (as per client requirements)
- We specialize in working with a variety of materials including:
- **SS (Stainless Steel), LAS (Low Alloy Steel)

Quality Policy

At Anhalten Industries, customer satisfaction is our highest priority. We are dedicated to delivering superior-quality products on time while continuously enhancing our Quality Management System.

Our Quality Principles:

Consistently meet or exceed customer expectations Promote a safe, healthy, and productive work environment Encourage open communication, mutual respect, and teamwork Rigorously adhere to ISO 9001:2015 standards We believe quality is everyone's responsibility, integrated into every stage of our Design,engineering and Manufacturing processes.

Safety Commitment

Safety is a core value embedded in the culture of Anhalten Industries. We are committed to: Maintaining a safe and secure workplace 24/7, both onsite and offsite Promoting personal responsibility for safety at all levels Supporting a safety-first culture that emphasizes teamwork, awareness, and proactive care Certifications & Compliance ISO 9001:2015 Certified Recognized by MSME, Government of India.

WORKSHOP FACILITY		
Total Lifting Capacity	20 MT	-
EOT Crane	20 MT	01 No.
Additional Capacity extra with Hydra	14 MT	01 No.
Hydraulic Press	300 MT	01 No.
Lathe Machine	12" Center	03 No.
Drilling Machines	2" Capacity	01 No.
Drilling Machine Sets	Upto 50 Dia	04 No.
Grinding Machine Sets	-	19 No.
Plate Bending Machines	2050 x 25 mm	02 No.
Welding Unit	250 to 600 AMP	10 No.
Water Coled T16 Unit	-	04 No.
Gas & Plasma Cutting Sets	--	07 No.
Available all measuring Tools / Item For Fabrication		--
